

PRODUCT PORTFOLIO

CEREALS

Rancona[®] Dimension

Contains two powerful fungicides for broad spectrum protection from crown rot and rhizoctonia, plus control of pythium, smuts and bunt. A unique micro-emulsion formulation providing easy application, exceptional seed flow, and reduced dust-off.

Rancona[®] C

Seed treatment for the control of smuts, bunt and stored insect pests in wheat, barley and oats. A unique micro-emulsion formulation providing easy application, exceptional seed flow, and reduced dust-off.

Vitaflo[®] C

A flowable seed dressing for the treatment of wheat, barley, oats and triticale. Increases tillering by up to 15% and increases coleoptile length for improved emergence and early seed vigour without compromising on smut and bunt control.

Proleaf[®] T

A flowable seed dressing suppressing foliar diseases without compromising on smut and bunt control to help maximise yield.

Clopyralid

Controls a wide range of broadleaf weeds in wheat, barley, oats, triticale and fallow land.

Procon

For the control of certain fungal diseases of oats and wheat.

Tebcon

For the control of foliar diseases on cereal crops.

Zincflo[®] Plus

A chelate form of zinc (14.5%) that is completely soluble so that it delivers this essential micronutrient directly on the seed in a highly concentrated form where it is required for growth and development of the plant. Easy to apply low dust formulation.

Guardian[®]

Controls various insect pests in a range of crops (including stored grain pests in cereals) and prevents spread of Barley Yellow Dwarf Virus (BYVD) transmission.

Quantum[®] Pro

A broad spectrum seed treatment containing fluquinconazole with both preventative and curative activity for a range of foliar and head diseases in wheat and barley, plus the suppression of take-all and septoria tritici blotch in wheat.

Le-mat[®]

A systemic insecticide controlling redlegged earth mite, blue oat mite and lucerne flea on cereals for up to 6 weeks.

Fluroxypyr 200

Controls a wide range of broadleaf weeds in fallow and winter cereals.

LVE MCPA 570

For selective control of certain weeds in cereals crops.

 Seed Treatment  Fungicide
 Insecticide  Herbicide

Always read and follow label directions.

Application Rates & Timing

Usage Chart

	APPLICATION RATE	DISEASES / PESTS CONTROLLED
Rancona Dimension	0.8, 2.0 or 3.2 L/T	Smuts & bunts, pythium root rot, rhizoctonia root rot*, crown rot*.
Rancona C	1.0 L/T	Smuts & bunts, stored grain pests.
Vitaflo C	1.25 or 2.5 L/T	Smuts & bunts, stored grain pests.
Proleaf T	1.0 or 1.5 L/T	Smuts & bunts, stored grain pests, stripe rust*, septoria tritici blotch*, powdery mildew*, barley leaf scald*.
Quantum Pro	3.0 or 4.5 L/T	Smuts & bunts, take-all*, stripe rust, leaf rust, septoria tritici blotch*, powdery mildew, barley leaf scald.
Guardian	1.2 or 2.4 L/T	Aphids, spread of barley yellow dwarf virus, stored grain pests.
Zincflo Plus	3.0L/T	Zinc deficiency, low seed zinc levels, improves plant vigour, enhances disease resistance.
Le-Mat	100 or 120 ml/ha	Redlegged earthmite, blue oat mite, lucerne flea, bryobia mite.
Fluroxypyr 200 **	0.5, 0.75, 1.0 or 1.5 L/T	Bedstraw, cleavers, black bindweed, common sowthistle, deadnettle, spiny emex, prickly lettuce, volunteer lupins, volunteer potato, wireweed, bittercress.
Clopyralid **	60 to 240 g/ha	Capeweed, volunteer: (chickpea, faba bean, vetch, sub-clover, lupins, lentils, safflower, field pea, medic, lucerne), Thistles: (soldier, st barnaby's, nodding, saffron, scotch, slender spear, stemless, variegated), pickly lettuce, skeleton weed.
Tebcon	145 or 290 ml/ha	Leaf rust, stripe rust, stem rust, crown rust, septoria tritici blotch, septoria nodorum blotch, powdery mildew, barley leaf scald.
Procon	150 to 500 ml/ha	Powdery mildew, barley leaf scald, spot form net blotch, stem rust, crown rust, septoria tritici blotch, stripe rust, wheat leaf rust, yellow spot, septoria nodorum blotch.
LVE MCPA 570 **	0.44 to 1.84 L/ha	Bathurst burr, capeweed, charlock, dandelion, fat hen, fumitory, hedge mustard, lincol weed, london rocket, noogoora burr, paterson's curse, Thistles: (saffron, scotch, slender, spear, variegated), skeleton weed, stinkwort, turnip weed, Volunteer: (canola, safflower, sunflower), wild sage, wild turnip.

* Suppression

** May require a mixing partner
